About ELI

[?](#) [PDF](#) [Facebook](#) [Share](#)

What is ELI?

The **European Legislation Identifier (ELI)** is a system to make legislation available online in a standardised format, so that it can be accessed, exchanged and reused across borders. This initiative, taken jointly by EU countries and institutions, is enshrined in the [Council Conclusions of 10 October 2012 \(2012/C 325/02\)](#).

ELI is based on a voluntary agreement between the EU countries. It includes technical specifications on:

- **web identifiers** (URIs) for **legal information**
- **metadata** specifying how to describe **legal information**
- a specific language for **exchanging legislation in machine-readable formats**

ELI is funded under [Action 1.21, Facilitating the exchange of legislation data in Europe](#), which falls under the Interoperability Solutions for European Public Administrations (ISA) Programme.

ELI's advantages

ELI has the following advantages:

- **Better-quality, more reliable legislation data**

Legal Resource: oj

Directive <http://data.europa.eu/eli/dir/2006/126/oj>

ELI: <http://data.europa.eu/eli/dir/2006/126/oj>

Authentic language

- Authentic language: Spanish, Czech, Danish, German, Estonian, Greek, English, French, Italian, Latvian, Lithuanian, Hungarian, Maltese, Dutch, Polish, Portuguese, Slovak, Slovenian, Finnish, Swedish

Dates

- Date of document: 20/12/2006
- Date of effect: 19/01/2007; Entry into force Date pub. + 20 See Art 18
- Date of effect: 19/01/2009; Partial application See Art 18
- Date of transposition: 19/01/2011; At the latest

Classifications

- EUROVOC descriptor:
 - European driving licence
 - transport regulations
 - European standard
 - technical standard
 - driving instruction

The diagram illustrates the ELI (European Legal Information) system architecture and its various outputs. The central black box represents the core system. To the left, a yellow box labeled 'Legal Resource: oj' shows a snippet of a legal document. To the right, a pink box labeled 'Legal Expression' shows a snippet of a legal document. Below these, three green boxes show different output formats: 'Format' (PDF), 'Format' (HTML), and 'Format' (FMX). A pink line labeled 'eli:' runs diagonally across the top right. A pink line labeled 'eli:corrects' runs diagonally across the top left. A pink line labeled 'eli:basis_for' runs diagonally across the bottom right. The diagram illustrates the flow of information from the core system to various legal resources and expressions, and how these are then formatted for different outputs.

Figure 1. The effect of the number of trials on the number of correct responses. The number of correct responses (Y-axis) is plotted against the number of trials (X-axis). The data points show a positive correlation, indicating that the number of correct responses increases as the number of trials increases.

About

The CELLAR is the central content and metadata repository of the Publications Office of the European Union. The CELLAR makes available at a single place all the metadata and digital content managed by the Publications Office in a harmonized and standardized way in order to: to guarantee to the citizen a better access to law and publications of the European Union; to encourage and facilitate reuse of content and metadata by professionals and experts; to preserve ...
