New concepts

| URI | Preferred term | Microthesaurus label |
|----------------------------|--|---|
| c_058697c2 | health determinant | 2841 health |
| c_05f9c614 | public data | 3231 information and information processing |
| c_0894af6b | internally displaced person | 0811 cooperation policy |
| c_18cee978 | 3G | 3226 communications |
| c_348000be | body mass index | 2841 health |
| c_3dfe52ca | machine learning | 3231 information and information processing |
| c_4cd2a8f4 | water quality | 5206 environmental policy |
| c_505c95bd | community resilience | 4021 management |
| c_590e8349 | photonics | 3606 natural and applied sciences |
| c_5a195ffd | smart technology | 6411 technology and technical regulations |
| c_5a59a5d2 | drink consumption | 2026 consumption |
| c_63446d6e | unaccompanied child | 2811 migration |
| c_65b9cd79 | artificial neural network | 3231 information and information processing |
| c_67092197 | natural language processing | 3231 information and information processing |
| c_6741b0ee | musculoskeletal disorder | 2841 health |
| c_7bb1a021 | anonymisation | 3236 information technology and data processing |
| c_9a62e4bf | psychological resilience | 3611 humanities |
| c_9ffd3927 | 2G | 3226 communications |
| c_a18a0eda | ECSC Common Assembly | 1006 EU institutions and European civil service |
| c_aa454f82 | Fund for European Aid to the Most Deprived | 1021 EU finance |
| c_aaa778de | deindustrialisation | 6806 industrial structures and policy |
| c_ad1c90d4 | 4G | 3226 communications |
| c_b71ca500 | public sanitation | 2841 health |
| c_c6be3d6d | silver economy | 1606 economic policy |
| c_c9724a74 | carbon neutrality | 5206 environmental policy |
| c_d6e0eb67 | bank resolution | 2416 financial institutions and credit |
| c_df93fd35 | text and data mining | 3231 information and information processing |
| c_e0911140 | urban access regulation | 4806 transport policy |

NEW CONCEPTS

| URI | Preferred term | Microthesaurus label |
|----------------------------|----------------------------|--|
| c_e14565e5 | non cognitive skills | 3611 humanities |
| c_f40562e9 | capacity building | 1606 economic policy |
| c_f5622ff | active and assisted living | 2836 social protection |

New preferred terms

| c_e14565e5 | emotional intelligence | 3611 humanities |
| c_e14565e5 | readiness to learn | 3611 humanities |
| c_e14565e5 | resilience | 3611 humanities |
| c_e14565e5 | soft skills | 3611 humanities |
| c_f5622f5f | AAL | 2836 social protection |
| c_f5622f5f | assisted living | 2836 social protection |

Deleted non preferred terms

| URI | Deleted non preferred term | Microthesaurus label |
|----------------------|-----------------------------|---|
| 1356 | deindustrialisation | 6806 industrial structures and policy |
| 1913 | internally displaced person | 2811 migration |
| 2907 | census | 1631 economic analysis |
| 7201 | business ethics | 4006 business organisation |

Addition of scope notes

| URI | Preferred term | New value | Microthesaurus |
|----------------------------|--------------------------|---|---|
| 58 | public accounting | The set of procedures governing the financial implementation and the recording of State and local-authority transactions. Not to be confused with national accounts. | 2436 public finance and budget policy |
| c_058697c2 | health determinant | These include individual lifestyle factors such as diet and smoking, social and community networks, and general socioeconomic, cultural, and environmental conditions. | 2841 health |
| c_348000be | body mass index | It is accepted as the most useful indicator of obesity in adults. | 2841 health |
| c_505c95bd | community resilience | It is determined by the degree to which the social system is capable of organizing itself to increase its capacity for learning from past disasters or better future protection and to improve risk reduction measures. | 4021 management |
| c_6741b0ee | musculoskeletal disorder | MSDs can arise from a sudden exertion (e.g., lifting a heavy object), or they can arise from making the same motions repeatedly repetitive strain, or from repeated exposure to force, vibration, or awkward posture and affect many different parts of the body including upper and lower back, neck, shoulders and extremities (arms, legs, feet, and hands). | 2841 health |
| c_a18a0eda | ECSC Common Assembly | It existed from 1952 until 1957. | 1006 EU institutions and European civil service |
| c_b71ca500 | public sanitation | Do not confuse with decontamination which applies to pollution. | 2841 health |
| c_d6e0eb67 | bank resolution | It includes the continuity of the bank's critical functions, financial stability and minimal costs to taxpayers. | 2416 financial institutions and credit |
| c_e14565e5 | non cognitive skills | They comprise personal traits, attitudes and motivations. | 3611 humanities |

Addition of definitions

| URI | Preferred term | Added value | Microthesaurus |
|----------------------------|-----------------------|---|---|
| 1925 | seasonal migration | Short-term, repetitive or cyclical movement of people from one geographical location to another for the purpose of improving the economic position of their household. | 2811 migration |
| 2877 | decontamination | The removing or the neutralisation of chemical, biological, or radiological contamination on a person, object, or area. | 5206 environmental policy |
| 3668 | experiment on humans | The use of humans as investigational subjects. | 6416 research and intellectual property |
| 413 | natural disaster | Act of nature of such magnitude as to create a catastrophic situation in which the day-to-day patterns of life are suddenly disrupted and people are plunged into helplessness and suffering, and, as a result, need food, clothing, shelter, medical and nursing care and other necessities of life, and protection against unfavourable environmental factors and conditions. | 5216 deterioration of the environment |
| 437655 | digital literacy | Ability to use digital technologies effectively and to understand the implications of the operations performed. | 3231 information and information processing |
| 442 | cultural transmission | Dissemination and promotion of cultural diversity at local and national level. | 2831 culture and religion |
| 5128 | EP delegation | Official groups of Members of the European Parliament that maintain and deepen relations with the parliaments of non-EU countries, regions and organisations. | 1006 EU institutions and European civil service |
| 5796 | EU visa policy | EU Member States' shared policy on visas. | 1231 international law |
| 6233 | care for the elderly | Care that is designed to meet the needs and requirements of senior citizens at various stages. | 2836 social protection |
| c_058697c2 | health determinant | Circumstances in which people are born, grow up, live, work, and age, as well as the systems put in place to deal with illness. | 2841 health |

ADDITION OF DEFINITIONS

| URI | Preferred term | Added value | Microthesaurus |
|----------------------------|-----------------------------|--|---|
| c_05f9c614 | public data | Data produced by public sector bodies of the Member States, including executive, legislative and judicial bodies. | 3231 information and information processing |
| c_0894af6b | internally displaced person | Persons or groups of persons who have been forced or obliged to flee or to leave their homes or places of habitual residence, in particular as a result of or in order to avoid the effects of armed conflict, situations of generalized violence, violations of human rights or natural or human-made disasters, and who have not crossed an internationally recognized State border. | 0811 cooperation policy |
| c_18cee978 | 3G | Mobile systems which provide access, by means of one or more radio links, to a wide range of telecommunications services supported by the fixed telecommunication networks and to other services which are specific to mobile users. | 3226 communications |
| c_348000be | body mass index | Measure of a person's weight relative to height. | 2841 health |
| c_3dfe52ca | machine learning | Application of artificial intelligence (AI) that provides systems the ability to automatically learn and improve from experience without being explicitly programmed. | 3231 information and information processing |
| c_4cd2a8f4 | water quality | A graded value of the components (organic and inorganic, chemical or physical) which comprise the nature of water. | 5206 environmental policy |
| c_505c95bd | community resilience | Capacity of a system, community or society potentially exposed to hazards to cope with external stress and disturbances from social, political or environmental change, by resisting or learning from past disasters for a better future protection and risk reduction in order to reach and maintain an acceptable level of functioning and structure. | 4021 management |
| c_590e8349 | photonics | The science of generating, controlling and detecting light. | 3606 natural and applied sciences |

| URI | Preferred term | Added value | Microthesaurus |
|----------------------------|-----------------------------|---|---|
| c_5a195ffd | smart technology | Technology that uses artificial intelligence, machine learning, and big data analysis to provide cognitive awareness to objects (IoT) that were in the past considered inanimate. | 6411 technology and technical regulations |
| c_63446d6e | unaccompanied child | Minor who is outside their country of origin and separated from both parents or their previous legal / customary primary caregiver. | 2811 migration |
| c_65b9cd79 | artificial neural network | Deep learning computational data model from artificial intelligence capable of pattern recognition and machine learning, based on the structure and functions of biological neural network. | 3231 information and information processing |
| c_67092197 | natural language processing | A field of computer science, artificial intelligence, and linguistics concerned with the interactions between computers and human (natural) languages. | 3231 information and information processing |
| c_6741b0ee | musculoskeletal disorder | Injuries or pain in the human musculoskeletal system, including the joints, ligaments, muscles, nerves, tendons, and structures that support limbs, neck and back. | 2841 health |
| c_70c441cc | transposition deficit | Gap between EU directives adopted and effective implementation by the Member States. | 1011 European Union law |
| c_7bb1a021 | anonymisation | Processing of personal data in such a manner that the personal data can no longer be attributed to a specific data subject without the use of additional information, provided that such additional information is kept separately and is subject to technical and organisational measures to ensure that the personal data are not attributed to an identified or identifiable natural person. | 3236 information technology and data processing |
| c_9a62e4bf | psychological resilience | Capacity to cope with a hazardous event, trend or disturbance, responding or reorganising in ways that maintain their essential function, identity and structure while maintaining the capacity for adaptation, learning and transformation. | 3611 humanities |

ADDITION OF DEFINITIONS

| URI | Preferred term | Added value | Microthesaurus |
|----------------------------|--|---|---|
| c_9ffd3927 | 2G | Digital cellular and PCS wireless system oriented to voice and low speed data services. | 3226 communications |
| c_a18a0eda | ECSC Common Assembly | Organisation of six European countries created after World War II to regulate their industrial production under a centralised authority. | 1006 EU institutions and European civil service |
| c_aa454f82 | Fund for European Aid to the Most Deprived | Fund to promote social cohesion, enhance social inclusion and eradicate poverty in the Union by reducing poverty of at least 20 million persons at risk of poverty and social exclusion. | 1021 EU finance |
| c_aaa778de | deindustrialisation | Process of social and economic change caused by the removal or reduction of industrial capacity or activity in a country or region, especially of heavy industry or manufacturing industry. | 6806 industrial structures and policy |
| c_ad1c90d4 | 4G | Fourth generation of mobile communication technology providing mobile ultra-broadband internet access. | 3226 communications |
| c_af502da0 | EU alert system | EU exchange of information system on dangers. | 0431 politics and public safety |
| c_b71ca500 | public sanitation | Facilities and services for the safe management of human and animal waste. | 2841 health |
| c_c6be3d6d | silver economy | The economic opportunities arising from public and consumer expenditure related to population ageing and the specific needs of older people. | 1606 economic policy |
| c_c9724a74 | carbon neutrality | Achieving net zero carbon dioxide emissions by balancing carbon emissions with carbon removal. | 5206 environmental policy |
| c_ccc9fea1 | conformity deficit | Percentage of EU directives incorrectly transposed by the Member States. The conformity deficit measures the number of Directives against which infringement proceedings for non-conformity are opened. | 1011 European Union law |
| c_d6e0eb67 | bank resolution | Restructuring of a bank by a resolution authority through the use of resolution tools in order to safeguard public interests. | 2416 financial institutions and credit |

| URI | Preferred term | Added value | Microthesaurus |
|----------------------------|----------------------------|---|---|
| c_df93fd35 | text and data mining | Automated process of selecting and analyzing large amounts of text or data resources for purposes such as searching, finding patterns, discovering relationships, semantic analysis and learning how content relates to ideas and needs in a way that can provide valuable information needed for studies, research, etc. | 3231 information and information processing |
| c_e0911140 | urban access regulation | Restrictions for vehicles, going into all or part of an area, in order to improve the air quality and congestion. | 4806 transport policy |
| c_e14565e5 | non cognitive skills | Critical set of skills that allow individuals to develop over the lifespan and achieve success through behaviour, perseverance, mindset, creativity, critical thinking, social skills, resilience and 'grit' as well as traits like conscientiousness. | 3611 humanities |
| c_f40562e9 | capacity building | Development and strengthening of human and institutional resources. | 1606 economic policy |
| c_f5622f5f | active and assisted living | People living independently in their homes with the support of ICT-based solutions. | 2836 social protection |
