EU DataViz 2019
European Convention Center, Luxembourg
Tuesday, 12 November 2019

The conference is supported by
the ISA² programme of the
European Commission

Serving citizens through better data visualisation

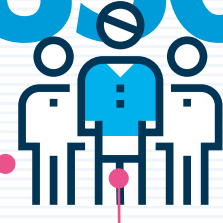

What's it about?

EU DataViz 2019 is an international conference addressing for the first time the specific needs of the community engaged in data visualisation for the public sector.

Over 350 participants dealing with data visualisation for public administrations

Who's coming?

350+

RESEARCHERS and academia

PROFESSIONALS in data visualisation, data journalists and graphic designers

STAFF of EU and national public administrations

The main goals of the conference are for participants to:

What's in it for me?

ACQUIRE
new knowledge and skills on data visualisation techniques

EXCHANGE
experience and best practices

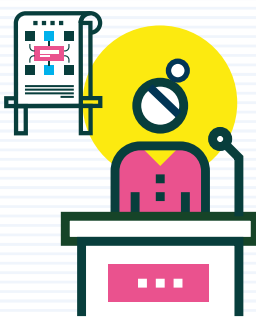

SHOWCASE
data visualisation projects in the public sector

LEARN
about emerging trends and innovative initiatives

Incorporating various perspectives, the conference programme will feature:

What's in the programme?

Exhibition of **STANDS** and **POSTERS**

Inspirational **KEYNOTE SPEECHES**

Parallel **WORKSHOPS**

When and where?

How to contribute?

There will be an open call for contributions for those who wish to be part of the conference programme.
