

# Publication, the first step towards transparency

The challenges in ensuring data publication

Claudia Guerreiro

IMPIC – Portugal

**Transparency is what allows any citizen to know where, how and why public money is being spent.**

**This is when public management is carried out in the open, communicated clearly, without technicalities.**

A large, mature tree with a thick trunk and a wide, spreading canopy of green leaves dominates the center of the image. It stands in a grassy field. In the background, there is a fence and some buildings under a bright sky. The text 'Tree perspective' is overlaid in white with a green outline at the bottom center of the image.

### Portal BASE Indicators

A hand in a light blue sleeve holds a large X-ray film of a human spine. The film is held up against a blurred background. A semi-transparent dark grey rectangular box is overlaid on the center of the image, containing the main title text. The X-ray itself shows the vertebrae and intervertebral discs in a lateral view.

# Transparency changes People behaviour!

Like an xray, you might not know your health issues until you look at it.

## Portal BASE challenge

50% of our data still comes from manual recording

- Increase the number of integrators
- Increase Data Quality
- Apply government action lines (2024)
- Apply sanctions for failure to register
- Combat lack of compliance
