TED.europa.eu

Search and browse functionalities

- Options to search for notices:
 - Quick search
 - [Advanced search](#)
 - [Expert search](#)
- Option to [list notices by OJ S issues](#)
- Options to browse notices by subject:
 - [Business opportunity](#)
 - [Business sector \(CPV\)](#)
 - [Place of performance](#)

The screenshot displays the TED.europa.eu website interface. At the top, there is a header with the European Union logo, the text 'European Union', and links for 'Log in' and 'English'. Below this, the 'EU tenders' section is visible, including a link to 'Ted • tenders electronic daily' and a note that it is a 'Supplement to the Official Journal of the EU'.

The main content area features a large search bar with the placeholder text 'Quick search in TED for notices' and a 'Search' button. Below the search bar, there are links for 'More search options: Advanced search', 'Expert search', and 'Browse by subject'. A dropdown menu is open under 'Browse by subject', showing options: 'Business opportunity', 'Business sector (CPV)', and 'Place of performance'.

Below the search bar, there is a banner for 'TED-together' with the hashtag '#TEDTogether2025'. To the right of the banner, there is a section titled 'Official Journal Supplement' with links for 'Latest OJ S issue: S214/2025 on 06/11/2025', 'Next OJ S issue: 07/11/2025', and a 'Release calendar' link.

On the left side, there is a 'SIMAP' section with a 'General information' subsection containing links for 'European public procurement', 'Statistics on TED notices', 'Contracts awarded by EU Institutions', and 'Useful links'. Below this is a 'Send notices' section.

On the right side, there is a section titled 'Access other sites in the TED family' with links for 'eNotices2', 'TED Developer Docs', and 'TED Developer Portal'. Below this is a graphic with the text 'Check out our'.

At the bottom of the page, there is a large search bar with the placeholder text 'Quick search in TED for notices' and a 'Search' button. Below the search bar, there are links for 'More search options: Advanced search', 'Expert search', and 'Browse by subject'.

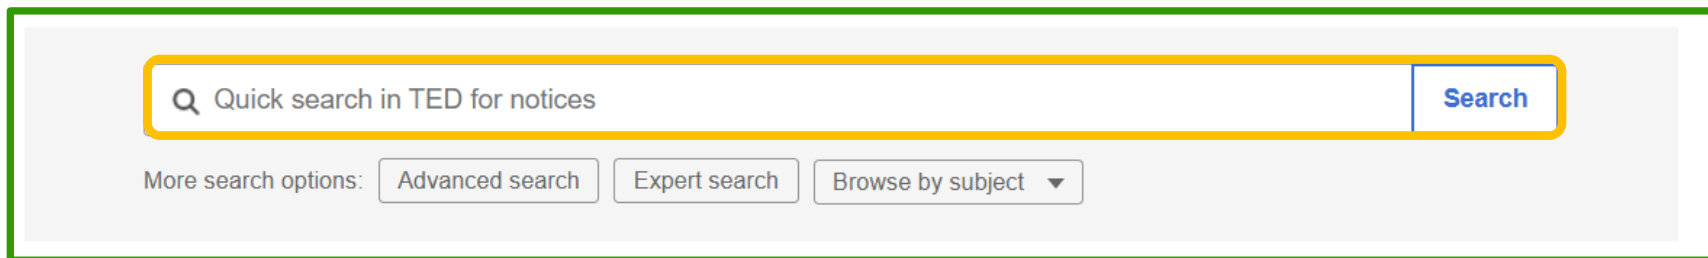

TED.europa.eu

Quick search

- **Purpose:** Fast, full-text search across all notices.
- **Features:**
 - Searches entire notice text, labels, and all languages.
 - Uses stemming (e.g., “building” may match “build”).
 - Ideal for general users needing fast results.

- **Example:**

- Find “build”
- [Search results - TED](#)

A screenshot of the TED.europa.eu Quick search interface. It features a large search bar with a magnifying glass icon and the placeholder text "Quick search in TED for notices". To the right of the search bar is a blue "Search" button. Below the search bar, there is a section labeled "More search options:" followed by three buttons: "Advanced search", "Expert search", and "Browse by subject" with a downward arrow. The entire search interface is enclosed in a green rectangular border.

TED.europa.eu

Expert search

- **Purpose:** Power users can build complex queries.
- **Features:**
 - Use operators: AND, OR, IN, ~, =, !=, SORT BY, etc.
 - Wildcards: * (any characters), ? (single character)
 - Stemming: ~ operator
 - Field aliases supported (e.g., PD, BT-05(a)-notice)
- **Example:** [Search results - TED](#)

The screenshot displays the 'Expert search' interface on the TED.europa.eu website. At the top, there's a breadcrumb 'TED > Expert search' and utility links for Help, Print, and Share. The main heading is 'Expert search' in green. Below it is an 'Actions' dropdown menu. The 'Search scope' section includes radio buttons for 'Latest OJ S issue', 'Active notices' (which is selected), and 'All notices', along with a checkbox for 'Include only the latest versions'. 'Clear all' and 'Search' buttons are present. The 'Expert query*' section has tabs for 'Code' (selected) and 'Text'. A text input field contains '1 notice-type-'. To the right is a grid of operators: OR, AND, NOT, >, <, >=, <=, =, !=, IN, NOT IN, and SORT BY. A 'Check syntax' link and a warning message are below the operators. The 'Search fields' section features a 'Filter' input and a list of expandable field categories: Text, Business opportunities, Notice type (selected), Subject matter of the contract, Procedure, Date, Published in the Supplement to the Official Journal, Buyer, Funding, Legal basis, and More fields. The 'Notice type' section provides a description, aliases (BT-02-notice), and an example. The 'Choose field value' section has a 'Filter' input and a list of checkboxes for various notice types, such as 'Change notice [corr]', 'Contract award notice for public passenger transport services [can-tran]', and others. An 'Add to query' button is at the bottom right.

TED Search API

- **Purpose:**

- To allow users to perform Expert search queries and retrieve notice data.

- **Key features:**

- Two modes:
 - Pagination: up to 15 000 notices.
 - Iteration (scroll): Unlimited notices.
- No API key required
- JSON/XML responses

- [Swagger UI - Online documentation](#)

The screenshot displays the Swagger UI for the 'notice-search-v3' API endpoint. At the top, the server URL is set to 'https://api.ted.europa.eu/'. The endpoint is 'POST /v3/notices/search' with a description: 'Search for notices using expert search query'. A 'Try it out' button is present. The 'Parameters' section indicates 'No parameters'. The 'Request body' is marked as 'required' and the media type is set to 'application/json'. An 'Example Value' section shows a JSON object with a 'query' string and an array of 'fields'. The 'Responses' section lists two responses: a 200 'OK' response and a 400 'Bad Request' response. Each response has a 'Media type' dropdown set to 'JSON' and an 'Example Value' section showing a string.
